TECHNICAL PROJECTS

Personal Portfolio & Responsive Web Projects

Edinburg, TX

HTML5, CSS3, Bootstrap, Git

- Designed and deployed responsive web interfaces emphasizing clean visual hierarchy, semantic layout, and structured grid design.
- Implemented version control workflows using Git and GitHub for continuous tracking, commit integrity, and change management.

Database & Application Development Concepts

Academic Coursework

Python, SQL, Relational Design

- Implemented relational schema models and performed structured data retrieval and querying exercises using SQL.
- Developed modular applications focusing on object-oriented programming, data structures, and maintainable software patterns.

WORK EXPERIENCE

University Recreation Center — Edinburg, TX

Fall 2023 – Present

Facility Operations Staff

- Maintain daily facility operations to ensure a safe, organized, and accessible environment for students and staff.
- Inspect, troubleshoot, and perform routine maintenance and repairs on recreational equipment and hardware.
- Coordinate floor logistics and operational support for special campus events and structured group activities.
- Resolve patron inquiries efficiently while enforcing all facility safety and operating regulations.

City of Harlingen Parks and Recreation — Harlingen, TX

Summer 2023

Seasonal Recreation Assistant

- Monitored daily activities and maintained safety procedures for groups of 30–40 youth participants.
- Communicated clearly with parents and guardians to address questions, program updates, and operational concerns.
- Collaborated within a team of recreation staff to organize activity schedules, manage materials, and execute events.

COMMUNITY SERVICE & LEADERSHIP

Saint Benedict Church: Managed event booths, coordinated logistics, and instructed community participants.

Loaves and Fishes: Prepared and served meals to support community members and address local food insecurity.
